

# ACADEMY OF OCCUPATIONAL AND ENVIRONMENTAL MEDICINE, MALAYSIA

---

## **Medical Surveillance Workshop** **28 November 2020, Saturday, 8.00am – 5.00pm** **Microsoft Teams Online**

---

### **Objectives**

Health surveillance is an important part of health risk management which involves collecting and using information about workers' health, in relation to the substances they use. It requires a systematic approach for the early detection of disease and follow up action to prevent disease progression. It is also essential to prevent further exposure to other workers.

This workshop will consist of interactive lectures and case discussion sessions.

By the end of this workshop, participants will be able to:

- a. Discuss the fundamental of health surveillance
- b. Describe steps in conducting medical surveillance
- c. Demonstrate important elements in proper medical surveillance report

### **Who should attend the course?**

Occupational Health Physicians and Occupational Health Doctors

### **Continuing Professional Development (CPD) Points**

Department of Occupational Safety and Health (DOSH) points  
MMA CPD Points

### **Workshop Fee**

RM250 (AOEMM Members)  
RM300 (Others)  
US\$100 (International)
